

Diego Portilla Tejería

Front End Development Sr Analyst

Cantabria, Spain
diego.portilla@accenture.com

PROFILE

Senior Front-End Developer with 9+ years of professional experience, 8 of them with Vue.js. Specialised in 3D/WebXR browser experiences (Babylon.js) for global eCommerce, with prior background in large-client ERPs. Scrum and Kanban, direct client interaction, and co-authoring of technical documentation.

YEARS OF EXPERIENCE

Sep 2021 — Present

4 yrs 11 mos

Front End Development Sr Analyst

Accenture · Remote, Spain

- **Vertiv** — 3D showroom and virtual tour for a global data-centre hardware manufacturer: Vue widget, 3D asset integration into the page, animation design, and maintenance driven by client feedback.
- **Kering · Prada** — 3D product configurator for luxury fashion brands, as experience product lead: Vue application from scratch, integration with the existing services, and an eCommerce flow with 3D customisation.
- Digital asset pipeline (glTF/Babylon.js) and iteration with the 3D art team to fit models to the framework and to the page budget.
- Configurator and augmented-reality proofs of concept for retail and large distribution, plus bespoke widgets embeddable in third-party sites.
- Scrum and Kanban, direct client meetings for continuous development and feedback, and Jira ticketing for maintenance.
